MEMORANDUM FOR THE RECORD

SUBJECT: COMOR Meeting, 8 August 1966

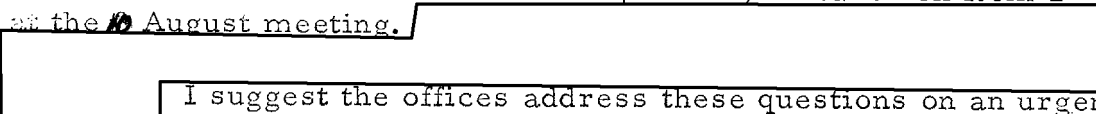

1. On the attached COMOR Agenda are three items of some importance to the Directorate of Science and Technology, numbers 2, 8 and 9.

a) Item 2 includes a COMOR instruction to NRO, requested by 15 August, on whether or not to use color in one camera of an entire KH-4 mission.

2. Final COMOR action will probably be taken on item 2 at the 10 August meeting.

I suggest the offices address these questions on an urgent basis so that at the 10 August Pre-COMOR meeting a considerable degree of finalization in the recommended DD/S&T view can be achieved.
